SUBJECT: EMERGENCY ACTION COMMITTEE MEETING ON AVIAN
INFLUENZA PREPAREDNESS

11. (U) The DCM convened the EAC on December 16, 2005, to review post's avian influenza preparedness plans and tripwires. All embassy sections were represented.

12. (U) The DCM conducted a point-by-point review of post's preparedness steps and asked the EAC members for any input they may have on the steps. Due to time constraints, the DCM and EAC agreed to re-convene next week in order to review post's tripwires and any outstanding information to the preparedness steps.
